Aronia – health benefits of green tea and red wine perfectly combined in one fruit!

● **Anthocyanins**

prevent obesity and diabetes. Anthocyanins speed up the rhodopsin production, which is responsible for visual acuity and helps in eye regeneration. Recommended for people working a lot in front of computer.

● **Antioxidants**

fight off the negative effects of oxidative stress, strengthen cardiovascular system and regulate blood pressure.

● **Polyphenols**

prevent skin aging, cracking of capillaries and protect our skin from UV radiation. Polyphenols fight off free radicals which may cause degenerative changes and contribute to formation of tumor cells in our body.

● **Bioflavonoids** combined with **vitamin P**

and other vitamins contained in Aronia prevent accumulation of cholesterol in the arteries what positively affects our nervous system.

● **Vitamins E, C, B**

protect our immune system and with their antioxidant properties fight off free radicals.

● **Tannins**

(subclass of flavonoids) are best known for red wine lovers. Tannins are responsible for the tart, dry taste of Aronia. Those flavonoids are beneficial as antioxidants, they are also known for their anti-inflammatory properties.
